# Immunization Reporting

Each November, immunization information is reported to the Department of Health. Over the next week I will be auditing immunization records, ensuring that all families are current. If your child has recently received a immunization, or it has been a while since you updated our records, please make sure to bring in an updated copy.

**All immunizations must be up to date by 11/14/16.**

***If you have any questions/concerns about your child's immunization schedule, please reach out to me at kmoon@ucpofcentralaz.org.**
