August 2016

Going Paperless

Beginning September 2016 The ELC will be making every effort to go paperless with many of our routine communications including the newsletter, fun calendar and menus.

If you have not registered for the ELC email list, please do

so. The registry is located on the front check in desk.

How can you access important information and updates?

- Email
- Closed Face book page
- UCP Website

*If you require paper copies of these documents, please let the center director know.

UCP Early Learning Center

UCP ELC Parent Page

New Website

This month UCP launched a new website with updated features and information.

The Early Learning Center page now features the following information:

- Newsletters, monthly fun calendars and menus
- Access to enrollment forms, medi-

cation forms, and individualized plan forms.

- Online access to the updated Parent Guide
- A "Meet the Teacher" section, highlighting the teachers in each classroom

Visit ucpofcentralaz.org/ to find out more about UCP and the services

we provide.

Parent Group Meeting

5:00Pm-6:00 Pm

Where:

Laura Dozer Center Executive Conference room

(Located at the end of the hall on the right)

Suggestions?

If you have suggestions, Feel free to leave a note in the ELC Suggestion box located on the front check in desk

Your Feedback is appreciated!

Farewell! And Good Luck!

This month we say good bye to our remaining Kindergarten graduates. We wish you success in Kindergarten!

Infant Entrance

Our infant room is now accessible through the outside door located near the twos room entrance. We are asking all families to utilize this entrance, as many of our toddlers and twos congregate at the doors creating a distraction and a pinching/bumping hazard with the doors. Thank you for your help keeping our kids safe!

Pest Control

Recently we received an inquiry about Pest Control methods. Pest Control Services are conducted on the second Tuesday every month. This occurs after hours to ensure the health and safety of the children by eliminating exposure to the chemicals.

All applications are eco-friendly, non-toxic and odor free.
Informational Postings are hung before each application .
