

WE ARE NOW ENROLLING!

Opportunity to receive free therapies for children
12-36 months of age who have cerebral palsy

The University of Arizona is conducting a study in collaboration with
Nemours Children's Hospital, Phoenix Children's Hospital, Tucson Medical Center, and United Cerebral Palsy of Central AZ
to determine if

**AN INTENSIVE SERIES OF THERAPIES FOR YOUNG CHILDREN WITH CEREBRAL PALSY
WILL IMPROVE THEIR MOTOR FUNCTION AND ENHANCE THEIR MOTOR SKILLS**

Children enrolled in the study will receive:

- 96 sessions of physical therapy
- 96 sessions of occupational therapy
- 5 evaluations to track their progress

All therapies and evaluations beyond what insurance will pay are FREE thanks to a grant from the National Institutes of Health
