Dear Friends,

We are proud to present the 2017 United Cerebral Palsy of Central Arizona (UCP) Annual Report. This report highlights our achievements and the remarkable work of our extraordinary team. On behalf of UCP's Board of Directors, Staff, Members and Families, we express our sincere gratitude to all of you for aligning with our mission and preserving the trust in our community.

For 65 years, UCP has been an important part of the developmental disabilities community by providing outstanding services to help people achieve their highest level of independence. However, in the last year we have taken a serious look at how well we tell our story and communicate what UCP does, and furthermore can do, for so many. We have begun an effort to expand external communications to position UCP as the expert in the field of providing services for physical and developmental disabilities, as the standard in the delivery of services for early childhood development, and the first thought in professional referrals for new diagnoses.

In 2017, we proudly touched the lives of 2,827 children, teens, and adults. Our services have provided significant assistance to an individual's life span from infancy to adulthood, starting with children in our Early Intervention Program and continuing with services in the Therapy Clinic, Home and Community Based Services, the Early Learning Center, and Day Treatment and Training for children and adults.

We couldn't achieve success without the hundreds of passionate staff members who have made it their mission to serve those in need, or our generous donors and volunteers who give back to our community financially or with their time. We owe a tremendous debt of gratitude to those who have joined our efforts to do whatever it takes to assist individuals and their families achieve a life without limits.

For almost 35 years, Circle K has played an enormous role in supporting UCP through fundraising efforts that have significantly transformed the lives of thousands of families served at UCP. In 2017, the Circle K Arizona Region raised over \$4.7 million for UCP of Central Arizona, UCP of Southern Arizona and Opportunity Village in Las Vegas! We are forever grateful to Circle K's unwavering commitment to UCP.

Thank you for making 2017 such an incredible year for UCP, even in the face of challenges. We celebrated 65 years of serving our community. With you on our side, we look forward to providing hope and superior services to our community in 2018.

Sincerely,

Brenda Hanserd, CEO
Heather Heller, Board Chair
